About this report

This report provides a high-level overview of the demographics of the applicants appointed to Core Surgical Training each year.

The report is to help those with an interest in surgery to understand, promote and highlight the basic demographics of those who have applied and been appointed to Core Surgical Training (CST).

The data is based on information provided at the time of application and presented at a point in time.

This report is updated each year with the most recent information and is subject to change based on policy changes and review as per the HSE/NDTP and the Irish Postgraduate Training Committee of RCSI (ISPTC).

DEMOGRAPHICS OF 60 SUCCESSFUL APPLICANTS TO CORE SURGICAL TRAINING

78%

HAD A HIGH UNDERGRADUATE
CENTILE SCORE

68%

HAVE ONE YEAR OR MORE POST
INTERNSHIP EXPERIENCE
